

Fernando A. Vazquez M.

✉ fernandovazquez.favm@gmail.com | 🌐 fernandovmedina | 📄 fernando-vazquezmedina | *Full-Stack Software Engineer*

EDUCATION

Tecnológico Nacional de México – Campus Saltillo <i>B.S. in Computer Systems Engineering</i>	Ongoing Saltillo, Mexico
--	-----------------------------

EXPERIENCE

Roceel – Full Stack Developer <i>Company dedicated to the repair of electric motors</i> * Built a custom ERP for managing client, processes, inventory, employees, etc.	Jan 2026 – Present Ramos Arizpe, Coah
Neurovix – Founder & Software Engineer <i>Software Development & AI Automation Company</i> * Architected and deployed 20+ production applications serving real users for schools, construction firms, and local businesses.	Jan 2025 – Present Mexico
TinderTec – Founder & Lead Developer <i>University Social Platform</i> * Achieved 200+ organic users on launch day through campus-driven growth with no paid acquisition. * Demonstrated rapid engineering adaptability: after App Store rejection due to competitive category, migrated full platform to web in under 3 days.	2026
Cima Informatica <i>Web Development</i> * Built multiple websites for schools, gubernamentals, industrials, etc to optimize operations and reduce manual overhead.	2023 – 2025 Mexico
SuperMarketML <i>Human Resources Department</i> * Built internal digital forms and workflow automation systems to optimize HR operations and reduce manual overhead.	2020 – 2023 Mexico

SELECTED PROJECTS

AI X-Ray Diagnostic Web Platform
Deep Learning, CNN, Python, Web Deployment

Streaming Platform – Full Microservices Architecture
Next.js, React, TypeScript, TailwindCSS, Go, Supabase, PostgreSQL

Industrial Plastic Traceability System
Flutter, Go, PostgreSQL, REST APIs

AI Automation Systems (n8n)
Workflow Automation, NLP, API Integration

TECHNICAL SKILLS

Frontend: Next.js, React, AstroJS, React Native, Flutter, TailwindCSS
Backend & Architecture: Microservices, RESTful APIs, Event-Driven Systems, Node.js, Go
Databases: PostgreSQL, MySQL, Supabase, Appwrite, relational schema design
Cloud & DevOps: Docker, AWS, DigitalOcean VPS, PM2, CI/CD, Cloud Infrastructure
AI & Machine Learning: Deep Learning (CNN), Model Deployment, LLM Integration, n8n Automation, API Orchestration
Human Languages: Spanish (Native), English (C1 – Fluent)
